Three Phase Residential Inverter For Australia and New Zealand

SE5K-AUB / SE7K-AUB / SE8.25K-AUB / SE10K-AUB

The ideal solution for residential PV installations

- Supports optional smart energy devices and expansion of system capabilities
- Single vendor solution for seamless operation of all system components, and one address for warranty and service issues
- Built-in module-level monitoring for greater visibility into system performance
- Excellent reliability with standard 12-year warranty (extendable to 20 or 25 years)
- ✓ Advanced safety features, including SafeDC[™] and integrated arc fault protection
- Quick inverter commissioning directly from a smartphone using SolarEdge's SetApp
- Suitable for outdoor or indoor installations

| missions | IEC61000-6-2, IEC61000-6-3, IEC61000-3-11, IEC61000-3-12 Yes | | | | | |

(2) Wi-Fi connectivity requires connection of an additional Wi-Fi component, ordered separately. For more details ask your SolarEdge sales person or refer to: https://www.solaredge.com/aus/products/communication (3) For more information refer to: https://www.solaredge.com/aus/products/communication (3) For more information refer to: https://www.solaredge.com/aus/products/communication-for-setapp-datasheet-au.pdf

(4) An export meter is required for export limitation and most of home energy management functions
